Subject: FW: review of ODF Riparian Rule write-up
Date: Thursday, March 20, 2014 12:51:10 PM

Folks,

I've got room 6A reserved at DEQ for our meeting on May 5 at 10 AM (note: us visitors will have to get a badge on the 10th floor to get back down to the 6th floor where the meeting is). I have the room until 1 PM in case we need it that late. Let me know if you have any questions, otherwise I look forward to seeing you then.

Terry

Subject: review of ODF Riparian Rule write-up

Folks,

Jeremy is working on the write-up of the model he is using to develop and test riparian rule prescriptions for ODF. Our intention is to get you this write-up the week of April 28th, and meet with you soon afterwards to address any initial comments and questions on the write up, while giving you some time after this meeting to pull your input together. Please complete the attached doodle poll by this Friday to get this meeting on the calendar.

<http://doodle.com/a7qgb75rknverrrt>

Thanks,

Terry

PS – Alan, I had heard that you were taking over from Dave Powers about forestry issues in Oregon.

I'd be happy to bring you up to speed with this process if more info than what was presented at our January meeting would be helpful – just let me know. Also, if there are other people from EPA that should be included in this, please let me know.
